About Our Company

Gilani Star Contracting L.L.C is one of the leading construction companies in Dubai since 2019. We are a professional firm that commits to furnish a construction project from base to top. We have set the bar of excellence and exceed it. Our major aim is to serve all our clients with the best possible service in building the highest quality work in a quick and very cost-effective manner. We give our best to hear what our clients actually want from us and do our best to give them satisfaction from the very beginning of the conception of the project to its completion.

Over the years of functioning in the Dubai Market, GSC knows how to match all the major factors when it comes to construction of a building. We give our maximum effort to meet all the modern, technological and cultural demands in the gulf sector. Apart from paying close attention to the details, we listen to the clients and assess what the market needs. Here in GSC we make sure that our clients are relaxed throughout the process of the construction of their projects as we take the entire responsibility of making their dreams come true.

Our Vision

Our Vision is to create and maintain an organization of highly skilled construction professionals that serve our Clients' needs with honesty and perfection. To provide an environment that promotes personal growth in the construction industry. We are committed to becoming the contractor of choice, pursuing excellence through dedication, experience and disciplined employees .

HSE Policy

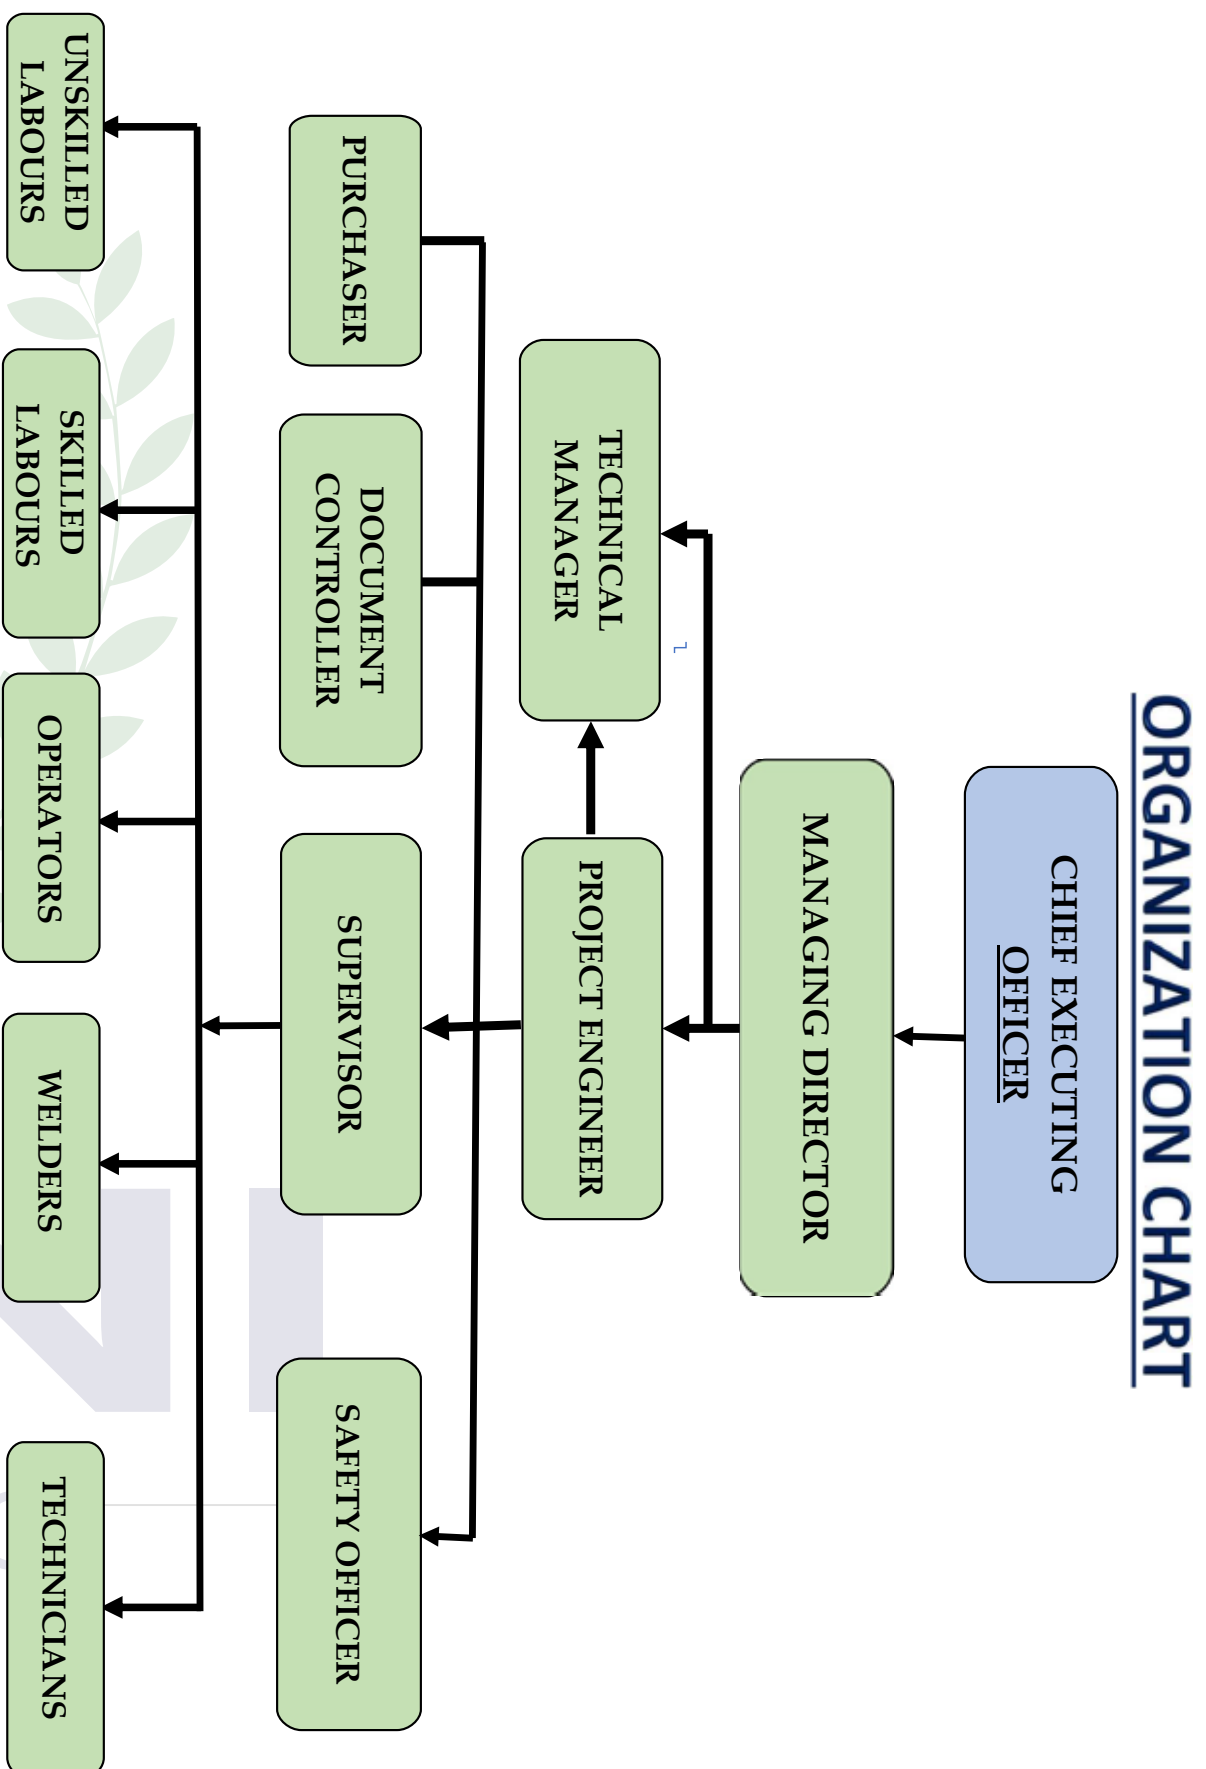

Health, Safety & Environment (HSE) is taken seriously at Gilani Star Contracting LLC to maintain Zero accidents during construction. Construction work is a dangerous land- based job includes: building houses, roads, workplaces and maintaining infrastructures. This work includes many hazardous tasks and conditions such as working with height, excavation, noise, power tools and equipment. Construction is the bench mark of economic development & has been increasing over the past few years. A large HSE team ensures compliance with International standards and Legal requirements.

HSE Policy

HSE best practices Implements operational control procedures, Performs risk assessments and Conducts training and Ongoing awareness programs. The innovative use of visual impact theatre to communicate HSE messaging is used to bridge any possible barriers to understanding with workers. We operate a Health & Safety Management system in full compliance with the provisions of OSHAS 18001. Our dedicated trade school ensures every employee is trained in HSE matters to an International standard.

Safety First !!!
